Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 16 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely sunny and very warm.

Today:
A fine morning, quickly turning rather warm under the strong sun and light winds. Some cloud building in the northeast, which may bring a spot of drizzle, otherwise remaining dry and turning hazy into the afternoon. Maximum temperature 26 deg C (79 deg F).

Tonight:
A dry evening at first with variable cloud. However heavy, widespread, and possibly thundery showers move in from the south. These showers lasting till the morning in places. Minimum temperature 12 deg C (54 deg F).

Thursday:
A wet morning as widespread heavy, and possibly thundery, showers move northwards across the region. Turning largely dry into the afternoon, with clear skies developing in the evening. Maximum temperature 19 deg C (66 deg F).

Outlook for Friday to Sunday:
Starting dry with sunny spells on Friday, but quickly turning and remaining showery throughout the period. Showers least frequent Saturday. Risks of thunder Sunday and feeling humid.
